TIPS FROM ROADIE VETERANS:

- -Pack light, bring only what you need. You can always shop in the Camp Store for toiletries and miscellaneous items.
- -Bring TWO pairs of shoes: (1) to switch off with every other day (2) have as backup in case of tough weather.
- -Using a gear bag with wheels will save you energy and time going to your gear truck and tent each day!
- -Gold Bond Powder to help keep comfortable in the heat!
- -Label everything with your name, phone number and participant number! Make sure you will be easily reunited with any items you may misplace out on the road!
