TogetherRide is a new community-wide fitness and fundraising challenge designed to keep you connected even while physically apart. Set your own mileage and fundraising goals, there are no minimums! Our collective goal is to log 1.2 million miles, in honor of the 1.2 million people affected by HIV in the US, and raise \$5 million to fund free HIV services.

### WHO:

Everyone can participate. TogetherRide is for all ages and all bodies. Log miles while riding a bike, walking, running, hiking, sweating on a stationary bike or however you like to get active.

### WHEN:

Join now and help us reach 1.2 million miles by the end of June.

### HOW:

It's just \$25 to start making a difference. REGISTER today at [www.togetheride.org](http://www.togetheride.org)
